*Imagine It Forward: Courage, Creativity and the Power of Change*

Beth Comstock was former vice chair and head of marketing and innovation at General Electric, so she knows a little something about change management. In *Imagine it Forward: Courage, Creativity and the Power of Change*, she shares her own transformation as a leader within GE as well as the challenges of moving a 125-year-old organization toward the future. Co-written with the accomplished Tahl Raz, this book offers insights to help us tackle change.

Please join Vickie Austin, business and career coach, as she launches a new year of Biz Books Review. Remember: you can attend, even if you haven't read the book!
